HVAC & MECHANICAL

All HVAC service, maintenance, installation, and refurbishment activities can be provided by MINBARINGU Services.

We have an experienced team of Australian Indigenous and non-Indigenous Electricians, HVAC technicians and trainee/apprentices for the provision of HVAC & Electrical contracting and maintenance services to the commercial sector, mining & resources, education, and state government facilities.

MINBARINGU have well established service operations in Port Hedland, Karratha, and Onslow with a fleet of fully equipped service vehicles. Our service teams are fully qualified and experienced across the complete range of HVAC equipment commonly installed in the Pilbara region.

We carry a large range of spare parts and equipment distributed from our warehouse facilities in Port Hedland and Karratha. We hold accounts with all major HVAC and refrigeration wholesale distributors. Our well-established supply chain can deliver all required spare parts and materials within expected timeframes to deliver an efficient and professional HVAC service solution.

MINBARINGU currently maintain many sites with a diverse array of mechanical equipment including but not limited to:

- Central plant systems;
- DX refrigerated air conditioning systems;
- Commercial refrigeration plant; and
- Self-contained unitary air conditioning systems.

REFRIGERANT TRADING AUTHORISATION AU45881

KARRATHA

We offer a high-quality standard of HVAC maintenance and installation service options to the local market. Our projects execution capability allows us to deliver quality installation works to all existing and new Clients.

Our investment in local community infrastructure and people allows us to provide a personal touch, with our Indigenous and non-Indigenous employees being residents in the Pilbara with in-depth local knowledge and familiarity giving us a strong advantage particularly with HSE management being such an important and integral part of the industry.

We have a local skilled and experienced team of Indigenous Australian and non-Indigenous HVAC maintenance and installation trades people. Well managed service is a major focus of our business strategy.

We have established a strong position in the local market with long standing relationships with the following Clients:

- Department of Finance (BMW)
- North Regional TAFE, Karratha Campus
- Pilbara Ports Authority
- G.E. Services
- Sodexo
- Rio Tinto
- NYFL Corporation

PORT HEDLAND

Our strong local presence will be instrumental in developing a successful contracting business based on relationships, commitment to service and the local business community.

Our Port Hedland operation specialises in the mining, resources sector and commercial mechanical services.

Our local team of Indigenous Australian and non-Indigenous qualified technicians provide HVAC services to the town and industrial sites.

Our Major Clients are as follows:

- Primero Group
- Town of Port Hedland
- Department of Finance (BMW)
- Qube Bulk
- Child Protection Services
- Nyamal Corporation

Pilbara Iron Housing HVAC Unit and Ductwork Replacement Project

Client	Sodexo
Project Manager	Chris Hayes
Value	\$1M
Referee	Gene Gadsby - 0428 726 967

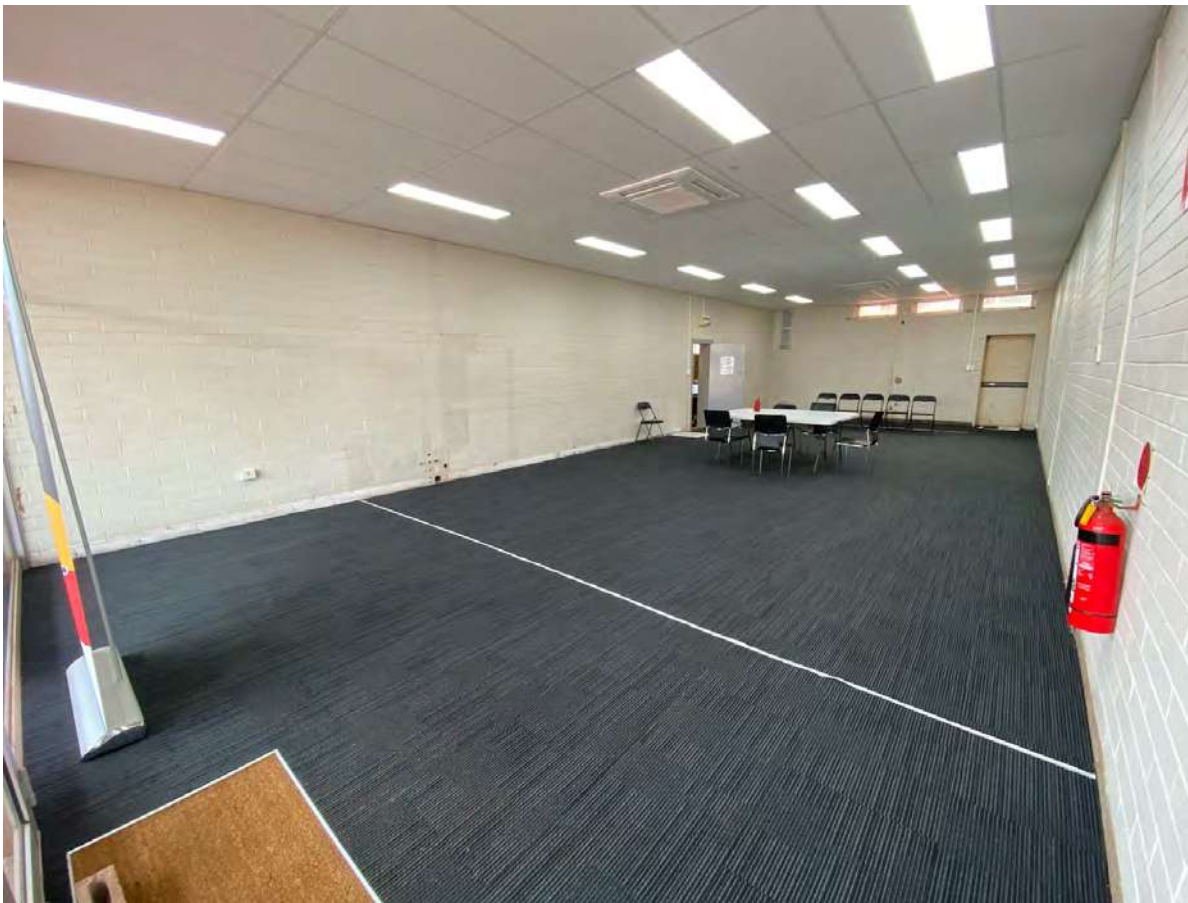

Scope of Works

Replacement of HVAC ductwork, package units and diffusion to 80x Houses in Karratha, Wickham, Dampier, Tom Price and Paraburdoo.

MINBARINGU had been contracted by Sodexo to carry out large volume of HVAC package unit and duct system replacements. This project involves logistics coordination and co-ordinated site activities for the replacement of HVAC infrastructure to approximately 80 RTIO houses. It also includes replacement of air diffusion to ceilings, upgrading of concrete slabs and replacement of isolators and installation of RCD protection devices.

Commissioning and equipment maintenance is also included in the work scope.

Safety and environmental management is an important part of the project.
